Notice of Privacy Practices

This notice describes how medical information about you may be used and disclosed, and how you can get access to this information. Please review it carefully.

If you have any questions about this Notice please contact our Privacy Officer or any staff member in our office.

Our Privacy Officer is Jim Moore - 469.342.8300, Extension 508

This Notice of Privacy Practices describes how we may use and disclose your protected health information to carry out your treatment, collect payment for your care and manage the operations of this clinic. It also describes our policies concerning the use and disclosure of this information for other purposes that are permitted or required by law. It describes your rights to access and control your protected health information. "Protected Health Information" (PHI) is information about you, including demographic information that may identify you, that relates to your past, present, or future physical or mental health or condition and related health care services.

We are required by Federal law to abide by the terms of this Notice of Privacy Practices. We may change the terms of our notice at any time. The new notice will be effective for all protected health information that we maintain at that time. You may obtain revisions to our Notice of Privacy Practices by accessing our website, calling the office and requesting that a revised copy be sent to you in the mail or asking for one at the time of your next appointment.

A. Uses and Disclosures of Protected Health Information

By applying to be treated in our office, you are implying consent to the use and disclosure of your protected health information by your doctor, our office staff and others outside of our office that are involved in your care and treatment for the purpose of providing health care services to you. Your protected health information may also be used and disclosed to bill for your health care and to support the operation of the practice.

Uses and Disclosures of Protected Health Information Based Upon Your Implied Consent

Following are examples of the types of uses and disclosures of your protected health care information we will make, based on this implied consent. These examples are not meant to be exhaustive but to describe the types of uses and disclosures that may be made by our office.

Treatment: We will use and disclose your protected health information to provide, coordinate, or manage your health care and any related services. This includes the coordination or management of your health care with a third party that has already obtained your permission to have access to your protected health information. For example, we would disclose your protected health information, as necessary, to another physician who may be treating you. Your protected health information may be provided to a physician to whom you have been referred to ensure that the physician has the necessary information to diagnose or treat you.

In addition, we may disclose your protected health information from time-to-time to another physician or health care provider (e.g., a specialist or laboratory) who, at the request of your doctor, becomes involved in your care by providing assistance with your health care diagnosis or treatment.

Payment: Your protected health information will be used, as needed, to obtain payment for your health care services. This may include certain activities that your health insurance plan may undertake before it approves or pays for the health care services we recommend for you such as making a determination of eligibility or coverage for insurance benefits, reviewing services provided to you for medical necessity, and undertaking utilization review activities. For example, obtaining approval for procedures may require that your relevant protected health information be disclosed to the health plan to obtain approval for those services.

Healthcare Operations: We may use or disclose, as needed, your protected health information in order to support the business activities of this office. These activities may include, but are not limited to, quality assessment activities, employee review activities and staff training.

For example, we may disclose your protected health information to interns or precepts that see patients at our office. In addition, we may use a sign-in sheet at the registration desk where you will be asked to sign your name and indicate your doctor. Communications between you and the doctor or his assistants may be recorded to assist us in accurately capturing your responses. We may also call you by name in the reception area when your doctor is ready to see you. We may use or disclose your protected health information, as necessary, to contact you to remind you of your appointment.

We will share your protected health information with third party "Business Associates" that perform various activities (e.g., billing, transcription services for the practice). Whenever an arrangement between our office and a Business Associate involves the use or disclosure of your protected health information, we will have a written agreement with that Business Associate that contains terms that will protect the privacy of your protected health information.

We may use or disclose your protected health information, as necessary, to provide you with information about treatment alternatives or other health-related benefits and services that may be of interest to you. We may also use and disclose your protected health information for other internal marketing activities. We may also send you information about products or services that we believe may be beneficial to you. You may request that these materials not be sent to you.

Uses and Disclosures of Protected Health Information That May Be Made With Your Written Authorization

Other uses and disclosures of your protected health information will be made only with your written authorization, unless otherwise permitted or required by law as described below.

For example, with your written, signed authorization, we may use your demographic information and the dates that you received treatment from our office, as necessary, in order to contact you for fundraising activities supported by our office.

You may revoke any of these authorizations, at any time, in writing, except to the extent that your doctor or the practice has taken an action in reliance on the use or disclosure indicated in the authorization.

Other Permitted and Required Uses and Disclosures That May Be Made With Your Authorization or Opportunity to Object

In the following instance where we may use and disclose your protected health information, you have the opportunity to agree or object to the use or disclosure of all or part of your protected health information. If you are not present or able to agree or object to the use or disclosure of the protected health information, then your doctor may, using professional judgment, determine whether the disclosure is in your best interest. In this case, only the protected health information that is relevant to your health care will be disclosed.

Others Involved in Your Healthcare: Unless you object, we may disclose to a member of your family, a relative, a close friend or any other person you identify, your protected health information that directly relates to that person's involvement in your health care. If you are unable to agree or object to such a disclosure, we may disclose such information as necessary if we determine that it is in your best interest based on our professional judgment. We may use or disclose protected health information to notify or assist in notifying a family member, personal representative or any other person that is responsible for your care of your location or general condition. Finally, we may use or disclose your protected health information to an authorized public or private entity to assist in disaster relief efforts and to coordinate uses and disclosures to family or other individuals involved in your health care.

Other Permitted and Required Uses and, Disclosures That May Be Made Without Your Consent, Authorization or Opportunity to Object

We may use or disclose your protected health information in the following situations without your consent or authorization. These situations include:

Required By Law: We may use or disclose your protected health information to the extent that the use or disclosure is required by law. The use or disclosure will be made in compliance with the law and will be limited to the relevant requirements of the law. You will be notified, as required by law, of any such uses or disclosures.

Public Health: We may disclose your protected health information for public health activities and purposes to a public health authority that is permitted by law to collect or receive the information. The disclosure will be made for the purpose of controlling disease, injury or disability. We may also disclose your protected health information, if directed by the public health authority, to a foreign government agency that is collaborating with the public health authority.

Communicable Diseases: We may disclose your protected health information, if authorized by law, to a person who may have been exposed to a communicable disease or may otherwise be at risk of contracting or spreading the disease or condition.

Health Oversight: We may disclose protected health information to a health oversight agency for activities authorized by law, such as audits, investigations, and inspections. Oversight agencies seeking this information include government agencies that oversee the health care system, government benefit programs, other government regulatory programs and civil rights laws.

In addition, we may disclose your protected health information if we believe that you have been a victim of abuse, neglect or domestic violence to the governmental entity or agency authorized to receive such information. In this case, the disclosure will be made consistent with the requirements of applicable Federal and state laws.

Legal Proceedings: We may disclose protected health information in the course of any judicial or administrative proceeding, in response to an order of a court or administrative tribunal (to the extent such disclosure is expressly authorized), in certain conditions in response to a subpoena, discovery request or other lawful process.

Law Enforcement: We may also disclose protected health information, so long as applicable legal requirements are met, for law enforcement purposes. These law enforcement purposes include (1) legal process and otherwise required by law, (2) limited information requests for identification and location purposes, (3) pertaining to victims of a crime, (4) suspicion that death has occurred as a result of criminal conduct, (5) in the event that a crime occurs on the premises of the Practice, and (6) medical emergency (not on the Practice's premises) and it is likely that a crime has occurred.

Required Uses and Disclosures: Under the law, we must make disclosures to you and when required by the Secretary of the Department of Health and Human Services to investigate or determine our compliance with the requirements of Section 164.500 et. seq.

B. Your Rights

Following is a statement of your rights with respect to your protected health information and a brief description of how you may exercise these rights.

You have the right to inspect and copy your protected health information. This means you may inspect and obtain a copy of protected health information about you that is contained in a designated record set for as long as we maintain the protected health information. A "designated record set" contains medical and billing records and any other records that your doctor and the Practice uses for making decisions about you.

Under Federal law, however, you may not inspect or copy the following records: psychotherapy notes; information compiled in reasonable anticipation of, or use in, a civil, criminal, or administrative action or proceeding, and protected health information that is subject to law that prohibits access to protected health information. Depending on the circumstances, a decision to deny access may be reviewed. In some circumstances, you may have a right to have this decision reviewed. Please ask your doctor if you have questions about access to your medical record.

You have the right to request a restriction of your protected health information. This means you may ask us not to use or disclose any part of your protected health information for the purposes of treatment, payment or healthcare operations. You may also request that any part of your protected health information not be disclosed to family members or friends who may be involved in your care or for notification purposes as described in this Notice of Privacy Practices. Your request must be in writing and state the specific restriction requested and to whom you want the restriction to apply.

Your provider is not required to agree to a restriction that you may request. If the doctor believes it is in your best interest to permit use and disclosure of your protected health information, your protected health information will not be restricted. If your doctor does agree to the requested restriction, we may not use or disclose your protected health information in violation of that restriction unless it is needed to provide emergency treatment. With this in mind, please discuss any restriction you wish to request with your doctor.

You may request a restriction by presenting your request, in writing to a staff member in our office. The staff member will provide you with "Restriction of Consent" form. Complete the form, sign it, and ask that the staff member provide you with a photocopy of your request initialed by them. This copy will serve as your receipt.

You have the right to request to receive confidential communications from us by alternative means or at an alternative location. We will accommodate reasonable requests. We may also condition this accommodation by asking you for information as to how payment will be handled or specification of an alternative address or other method of contact. We will not request an explanation from you as to the basis for the request. Please make this request in writing.

You may have the right to have your doctor amend your protected health information. This means you may request an amendment of protected health information about you in a designated record set for as long as we maintain this information. In certain cases, we may deny your request for an amendment. If we deny your request for amendment, you have the right to file a statement of disagreement with us and we may prepare a rebuttal to your statement and will provide you with a copy of any such rebuttal. Please ask your doctor if you have questions about amending your medical record.

You have the right to receive an accounting of certain disclosures we have made, if any, of your protected health information. This right applies to disclosures for purposes other than treatment, payment or healthcare operations as described in this Notice of Privacy practices. It excludes disclosures we may have made to you, to family members or friends involved in your care, pursuant to a duly executed authorization or for notification purposes. The right to receive this information is subject to certain exceptions, restrictions and limits.

You have the right to obtain a paper copy of this notice from us, upon request, even if you have agreed to accept this notice electronically.

C. Complaints

You may complain to us, to the Texas Attorney General's Office, or the Secretary of Health and Human Services, if you believe your privacy rights have been violated by us. You may file a complaint with us by notifying our Privacy Officer of your complaint. We will not retaliate against you for filing a complaint.

Our Privacy Officer is Jim Moore, a Certified HIPAA Professional. You may contact our Privacy Officer in writing at our office address or by calling 469.342.8300, Extension 508. Our website may offer additional information about the complaint process.

This notice was published and becomes effective on November 1, 2016.

Our Office Financial Policy

Thank you for choosing us as your dental health provider. We believe that all patients deserve the very best dental care we can provide. We also believe that everyone benefits when specific financial arrangements are agreed upon. Please understand that payment of your bill is considered a part of your treatment. The following is a statement of our Financial Policy which we require that you read and sign prior to any treatment. All patients must complete our information and insurance forms before seeing the doctor.

FULL PAYMENT IS DUE AT TIME OF SERVICE. WE ACCEPT CASH, CHECKS, VISA, MASTERCARD, DISCOVER AND AMERICAN EXPRESS CREDIT CARDS, AND DEBIT CARDS. WE ALSO OFFER CARE CREDIT WHICH IS AN EXTENDED PAYMENT PLAN WITH PRIOR CREDIT APPROVAL.

Regarding Insurance

We request that any co-payments, deductibles, and any services not covered by your insurance plan be paid at the time the service is provided. The balance is your responsibility whether your insurance company pays or not. We cannot bill your insurance unless you bring in all insurance information at your initial visit. Your insurance policy is a contract between you and your insurance company. We are not a party to that contract. If your insurance company has not paid your account in full within 45 days, the balance will be automatically transferred to your account. Please be aware some possibly all of the services provided may be non-covered services and not considered *reasonable, usual, and customary* under the terms of your dental and/or medical policy.

Usual and Customary Rates

Our practice is committed to providing the best treatment for our patients and we charge what is usual and customary for our area. You are responsible for payment regardless of any insurance company's arbitrary determination of usual and customary rates.

Adult Patients

Adult patients are responsible for full payment at time of service. If you are unable to pay at this time, be sure to point this out when you arrive for your appointment.

Minor Patients

The adult accompanying the minor and/or the parents (or guardians) are responsible for full payment at the time of service. For unaccompanied minors, non-emergency treatment will be denied unless charges have been pre-authorized to an approved credit plan, credit card, or payment by cash or check at time of service has been verified.

Payment Plans

Our office has partnered with Care Credit, a patient financing company, to offer our patients 0% interest financing for 6 or 12 months with approval. No other payment plans are available.

Missed Appointments

Unless cancelled at least 24 hours in advance, our policy is to charge for missed appointments at the rate of a normal office visit (\$30). Please understand that missed appointment times are valuable to those patients that may find it hard to come to the dentist at other times. Please help us serve you better by keeping your scheduled appointments. Excessive cancellations and no shows will result in termination of our agreement and your records can be forwarded to another dental office for a \$10 fee.

Billing

All accounts which have not paid the estimated portion of their bill at the time of service will incur a \$3.00 billing charge each month until the balance is paid. Balances which are 60 days old or older will incur a monthly 1.5% finance charge which equals an 18% per annum rate. There is also a \$30 returned check fee.

Refunds

Refunds for overpayment will be sent after all treatment is completed and insurance has been collected.

Collections

Any account that has not received payment in 60 days will be handed over to a collection agency that will pursue the responsible party for reimbursement. This will negatively impact your credit history and limit the treatment you can receive at our office.

ACKNOWLEDGEMENT OF RECEIPT OF FINANCIAL POLICY

Thank you for understanding our Financial Policy. Please let us know if you have any questions or concerns. We look forward to providing the highest quality dental care in a relaxing and caring atmosphere.

I have thoroughly read the Financial Policy and have received a copy. By signing below, I hereby acknowledge that I understand and agree to this Financial Policy.

Dental Insurance Information and Disclaimer

Please READ the following carefully before signing.

Please initial each section.

_____ It is our pleasure to assist you with any insurance questions or problems you may have. We have knowledgeable staff who deal with insurance companies to see that your claims are processed quickly and accurately. Unfortunately, it is difficult to predict the benefits or restrictions your insurance company has in place. We will give you an estimate of your financial responsibility for any procedure before you are seen. **Please understand this is just an estimate.**

_____ Upon your first visit, we will complete a comprehensive examination and have the necessary x-rays taken, usually a full mouth series of radiographs. If you have had x-rays at another dental office recently, we advise you to have them sent to our office prior to your appointment or bring them with you. If they are printed on paper we will need to make our own x-rays. The standard of care we use with regard to x-rays is bitewing x-rays every 6 months. We may or may not be able to “clean” your teeth at this initial examination. We will determine the type of cleaning your particular teeth need and reappoint for the appropriate length of time to treat your condition if necessary.

_____ Please understand many dental plans have waiting periods, frequency limitations, and alternate benefits. These benefit are not considered when preparing a treatment plan. We will give you a comprehensive treatment plan with your best interest in mind, regardless of whether dental insurance may contribute. **You will be responsible for any difference in amounts your insurance does not pay.**

_____ I have read the above insurance information and understand the possibility of certain services that may not be covered by my policy. I also understand and agree that an estimate of my cost, is just that, an estimate, and that there might be a balance left after insurance has received the claim and processed the payment. I also understand that insurance may not cover certain procedures at all, and in that case I am responsible for all charges.

_____ I, the undersigned, do fully understand that Harrison Family Dental has agreed to file my insurance as a courtesy and that I am fully responsible for any treatment costs which are denied or not covered by my insurance company. I further agree that it is my responsibility to know the extent of my benefits, restrictions and limitations.
